## THE MUST-HAVE RESOURCE FOR FLYING TO AND AROUND THE ISLANDS

The AOPA Pilot Guides - Bahamas and Caribbean editions are the most complete and trusted resources for flying the islands - there is simply no other product that compares.

*“I won't fly to the islands without it...”*

## REACH THOSE THAT ARE LOOKING FOR YOU

Secure your position in the 2019 AOPA Pilot Guides and put your business in the right place to be seen. With a purchased **distribution of over 7,000 copies** and growing, there is no better way to reach island flying pilots as cost effectively.

## GREAT, AND NOW EVEN BETTER

The 2019 Guides feature **new editorial content and photos**, as well as **new airport aerials**. Essential data and features that pilots have relied on and valued for over 35 years is further enhanced with AOPA's research and publication resources – providing the same accuracy and credibility that has made AOPA's Airport Directory the #1 source for pre-flight planning for tens of thousands of pilots every year.

*“The guide is easy to use and I use it for every part of my island flying...”*

## MORE PILOTS SEE IT

Now promoted throughout AOPA's extensive network of communication and marketing channels, more traveling general aviation pilots are exposed to the AOPA Pilot Guides than ever before:

- AOPA's media channels **reach over 600,000** pilots, aircraft owners, and aviation travel enthusiasts each month
- AOPA's membership of over 320,000 makes up **two-thirds of all private pilots** and owns **85% of all general aviation aircraft** in the United States
- 84% of AOPA Pilots travel to islands, resorts, fish, dive, hunt, camp, and ski

*“No one flying to the islands should be without a copy in their flight bag...”*
